

# FLOOD & DISASTER MANAGEMENT

National Pump & Energy (NPE) are the flood and disaster management professionals, with international and domestic experience.

**NPE**  
NATIONAL PUMP & ENERGY

WE'VE GOT THE PEOPLE, PRODUCTS AND EXPERTISE TO DELIVER RESULTS, WHEN YOU NEED THEM MOST.

Our emergency dewatering response team is available 24/7, with strategically situated branches across the country to enable quick response. We carry the largest fleet of pumps and generators Australia wide which are ready to go when you need them and they're backed up by a trained, experienced technical team who can help analyse the problem and recommend solutions.

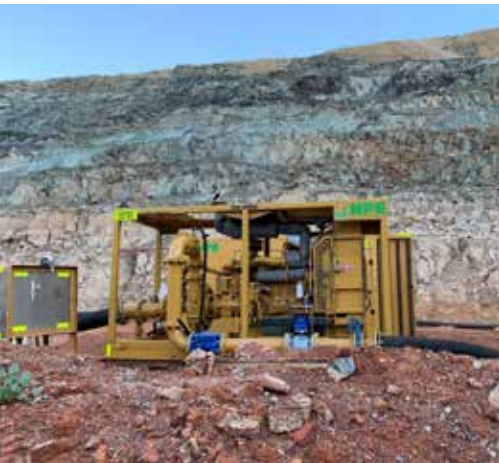

NPE can promptly design and package specialist flood & disaster management equipment through a single source of supply, expediting the process and eliminating the need for you to purchase and maintain expensive specialised equipment which may sit idle for long periods.

We offer a contingency plan for equipment. We'll examine your liquid handling requirements and design a tailored solution, which in the event of an emergency can minimise downtime.

Our nationwide clients continue to place their trust in NPE to work together through any situation.

## MINE SITE EMERGENCY DEWATERING & POWER SOLUTIONS

NPE is a trusted partner to many of Australia's mining and heavy industry companies, offering innovative and reliable solutions for dewatering, power generation, compressed air requirements and more.

As well as providing turnkey solutions, products, people and expertise, NPE tailors its services to meet the needs of clients.

We customize solutions for specific sites and circumstances, so while you can't plan for an emergency, you can be confident that NPE will deliver quick, effective solutions.

From equipment hire and sale, to maintenance, site support, emergency works and more.

We understand the importance of working in partnership and will deliver on your requirements.

We have the personnel and equipment on hand to respond to your crisis.

Whatever you need. Whenever you need it. Whatever it takes.
